8 Certification by parent/guardian

I certify that the information provided is true and correct and I have read and agree to the conditions of travel as listed on the attachment of this application. I understand that I am required to complete a new application within seven days should there be any change in the information contained in this application. It is further understood that the Department of Transport and Main Roads reserves the right to withdraw travel assistance and recover monies paid if investigations show the student/s to be ineligible. I understand that persons who intentionally provide false information to obtain a benefit may be liable to a \$6600 fine under Section 149(3) of the *Transport Operations (Passenger Transport) Act 1994*.

In order to assess an applicant's ongoing entitlement to assistance, the department will verify student's personal details with the school attended and schools will disclose to the department updated information for that purpose.

Conditions of travel

The School Transport Assistance Scheme (STAS) provides assistance to enable eligible school students to attend education facilities. Travel on school transport services is subject to requirements of the *Transport Operations (Passenger Transport) Act 1994*. Parents are asked to note the following conditions and ensure their children are also made aware of these conditions. Further information on the STAS and additional application forms are available at www.translink.com.au/schooltransport.

Applying for bus travel assistance

Complete this form if you wish to apply for distance-based travel assistance. Fill in all questions on the form. If you do not it may delay the processing of your form.

You can log onto www.information.qld.gov.au and click on the image Queensland Atlas to access your lot and registered plan number. Once in the atlas, under the search tab on the left hand side of the screen at point 2 enter your address and click Find. The lot and plan number will display at point 3. Alternatively, look at your rates notice or contact your local council to get your lot and plan number.

Return the completed form to your local bus operator. This must be done within seven days of the student starting to travel on the bus.

Applications can only be accepted for the current school year.

If the student catches more than one bus to get to school, an application form must be completed for each bus service.

If the student changes school or address during the year you will need to reapply for assistance. You must also inform the department if the number of times the student catches the bus each week changes.

The bus operator will issue interim approval only. Final approval for assistance can only be granted by the department.

The department will advise successful applicants in writing. If your application is unsuccessful, you will be advised by your local bus operator.

Eligibility **This is only a brief summary. Contact your nearest office or go to www.translink.com.au/schooltransport for full details.**

Eligibility for STAS is dependent on the applicant meeting all relevant criteria of the scheme. The distance criteria must be met and the student must travel on the designated service for the area in which they reside in order to qualify for government funded travel. This assistance cannot be transferred to another operator. Other general conditions must also be met before assistance can be approved. Full details can be found at www.translink.com.au/schooltransport.

The following conditions apply under the STAS:

1. Students must be enrolled at an approved school.
2. State primary school students (years prep-6) must live more than 3.2km by the shortest trafficable route from the nearest state primary school. Non-state primary students (years prep-6) must live more than 3.2km from both the nearest state school and non-state school of the type attended.
3. State secondary school students (years 7-12) must live more than 4.8km by the shortest trafficable route from the nearest state secondary school. Non-state secondary students (years 7-12) must live more than 4.8km from both the nearest state school and non-state school of the type attended.
4. Measuring: The distance from your residential property to the school is measured by the shortest trafficable route over roads open for public use. Distances are measured from the vehicle access point of your residential property alignment nearest to the school, to the closest entrance to the school. No measurements are made on private property. In calculating this distance, the single journey is used. However, in cases where the distance to and from school varies because of different routes, for example one way roads, the average distance is taken.
5. Students are only eligible to receive assistance on the designated bus service for their area. This service is determined by the department. In some circumstances, the designated service will transport students to other than the nearest school, due to historical or practical reasons.
6. Financial assistance may be available under the provisions of the safety-net scheme for financially disadvantaged students residing close to their nearest school.
7. Financial assistance may also be available for those parents who choose to transport their children by private motor vehicle. Conveyance allowance may also be available to parents who drive their child/children to the bus service.
8. In assessing eligibility of students, the minimum frequency of travel is 20% that is, two trips per week.
9. In some circumstances, eligible students who do not attend their nearest state school may receive travel assistance based on the distance to the nearest state school. Parents are then responsible for payment of any excess fares to the school attended.
10. Students living in an area serviced by a kilometre-based school bus service are not eligible for assistance on fares-based services.
11. Students from overseas, interstate or on student exchange programs are not eligible to receive travel assistance.
12. Students attending TAFE colleges are not eligible to receive transport assistance.
13. Travel assistance is only available from one address and to one school facility. This address must be the principal place of residence of the student's parent or guardian. For students under shared guardianship, parents must decide from which address they will apply for assistance.

The Department of Education, Training and Employment is responsible for transport assistance for students with a disability. Please discuss eligibility requirements and assistance types for these students with the school attended.

Bus passes

If bus passes are issued to students, these passes must be produced to the driver upon request.

Passes are not transferable. Bus passes must be returned to the bus company immediately upon the students ceasing to use the bus.

A replacement fee will be charged for all lost passes. Damaged passes will be replaced at a nominal fee provided the damaged pass is produced and identifiable.

Any excess fares for a student's travel are to be paid directly to the bus operator.

Code of Conduct for school bus travel

The department has in place a Code of Conduct for School Students Travelling on Buses. The code applies to all students attending primary and secondary school in Queensland who use buses either to travel to and from school or for other school-related activities such as excursions.

The code sets out prescribed standards of behaviour and examples of how your child can meet these standards.

Brochures outlining the code of conduct and detailing students and parents' responsibilities are available from your local bus operator or nearest departmental office as listed below.

Change of circumstances

It is a parental/guardian responsibility to advise the department within seven days when there is a change to a student's personal circumstances that would affect their eligibility for school transport assistance.

Parents must:

1. Complete and submit a new application form when a student changes school or address.
2. Complete and submit a new application form when a student goes from primary level (years prep-6) to secondary level (years 7-12), even if the student is remaining at the same school.
3. Notify the department if the number of times the student uses the bus service changes during the year.
4. Advise the bus company and the department when a student no longer travels on a particular service.

Circumstances may also change during a student's schooling which make a student ineligible to continue to receive assistance. These can include, but are not limited to, a new school built in a local area, or a new road network.

The department reserves the right to withdraw travel assistance and recover monies paid if investigations show the student to be ineligible. Persons who intentionally provide false information to obtain a benefit may be liable to a \$6600 fine under Section 149 (3) of the *Transport Operations (Passenger Transport) Act*.
